Allowable Subject Matter

1. Claims 1, 4-9, 14-17, 19-27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, JP 2000-269724 discloses a loop antenna unit having a plurality of loop antennas comprising a first loop antenna to which an electric current is fed; a second loop antenna surrounding the first loop antenna to which the electric current is not fed; a grounded metal member, the first loop antenna and the second loop antenna being connected to the metal member. JP 2000-269724, however, fails to further teach a single grounding cable for connecting the first loop antenna and the second loop antenna to the metal member.

Claims 4-7 are allowed for depending on claim 1.

Regarding claim 8, JP 2000-269724 discloses a loop antenna unit comprising a loop antenna communicating with a radio communication medium and having a pair of opening end parts at both ends; and a metal member arranged closely to the loop antenna, wherein the metal member is electrically connected to one of the opening end parts of the loop antenna with a space about $1/200$ to $1/4000$ times as long as the wavelength of a communication frequency. JP 2000-269724, however, fails to further teach that in the loop antenna unit, the loop antenna, a magnetic member, the metal member, a first isolating member disposed between the loop antenna and the magnetic member and a second isolating member disposed between the magnetic member and the metal member are laminated.

Claims 9, 14-17 and 19-27 are allowed for depending on claim 8.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
